Alcorn Cem                    36 19 44.5    85 22 29.0    1 crudely constructed comb + remnants of 2 others now badly broken up (possibly damaged by cattle) and largely unrecognizable; combs are low and partially buried; years earlier they were better exposed and less broken up.

Ben Allen grave            approx.: 36 22 58    85 19 30    ex-comb cem, formerly 1 lone comb, removed for commercial development of lot.

- Allison (Winton) Cem            36 24 38.5\*    85 12 16    possible ex-comb cem; recorded in original survey as a comb cem; no combs present today, nor any evidence of ex-combs; caretaker states that it never had a comb, original record now thought erroneous (probably mis-recorded nearby Bowmer Cem).

Allred Cem                    36 19 31.5    85 12 53.8    22 + 1 ex-comb

Allred Family Cem            36 19 35.2    85 11 14.2    6 combs

Brown-Walker Cem            36 18 32.3    85 14 30.7    6 + 2 ex + 3 probable ex-combs

Campground Cem            36 22 30.5    85 26 05.1    ex-comb cem, based on the presence of two triangular stones, apparently comb gable stones; were these two stones in line it would be obvious that they represented a single former comb; however, they are side by side and it is uncertain if they are remnants of two dismantled combs or one that has been redistributed to mark two graves; the logical interpretation in either case is that this cemetery once had at least one comb.

Cannon Cem                36 16 53.4    85 20 15.2    4 combs + 3 triangular stones that may represent 3 possible ex-combs

Carmack Cem                36 19 47.8    85 20 08.0    1 comb
